From the Director's Chair

Each year as I sit and compose a director's message, I am more and more swept away by the power of community and the amazing talent that is found within it. The cast, crew and volunteers have worked tirelessly to bring our vision to life for you amidst laughter, excitement, some tears, and pure joy of working together. I am honored to be a part of this organization, one that truly belongs to the community.

We are thrilled to be presenting an original musical: America's Top 40. This musical will take you for a thrill ride through the 60's, 70's, and 80's with song and dance and a little bit of comedy. We have a very talented cast that has worked hard to make sure the general audience and patrons have a grand time reminiscing.

Three months ago, we started with a blank stage, a cast of 22, and a vision of how we could bring this musical to life. Together, we experienced the wonder of transformation as we worked to bring the production to life. We hope you, too, are transformed by what you witness. To recognize that music will always bring life and laughter!

President's Message

Because of Richard Hamilton's recent health challenges, he has stepped down as the President of our WRLT Board of Governors after over 49 years on the Board, with 24 of those years as our President. His experience and expertise, not to mention his love of our theatre, will be greatly missed by everyone. I have been honored to have been voted as his successor.

Corey Dinkins has once again created a magical musical production for all to enjoy! Along with Renee Alday, this is their third production for the WRLT with the largest and most diversified cast so far. Toe tapping is required, humming is encouraged, and singing along gets you an audition for their next musical!
